Allowable Subject Matter

Claims 1-15 and 42-68 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record neither teaches or suggests a system or apparatus for performing a virtual colonoscopy as claimed and whereby a digital image of a colon is obtained and stored and the contents of said colon are digitally removed from the digital image by subtraction by a digital bowel subtraction processor. The prior art shows virtual endoscopies and digital subtraction of the blood in blood vessels but does not show or suggests a virtual colonoscopy with the digital subtraction of the contents of the colon.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Ning, Zhao, Vining, Windham, and Johnson are cited to show structure similar to the claimed invention.

Art Unit: 3742
